

Curating Community Digital Collections

Vicki Tobias, Program Coordinator

To refresh your memory...

What's CCDC?

- Thank you, IMLS!
- WiLS/Recollection Wisconsin
- Education focus
- Digitization projects → preservation program
- Building community around digital stewardship!
- Application process in winter 2018
- Six teams selected for 2018
- Team-based experience
 - iSchool or SOIS graduate student
 - Host site supervisor(s)
 - Professional mentor

Spring 2018 Activity

- Six host site visits in April/May
- Vicki + host site supervisors
 - Review digital collections, preservation needs
 - Create framework for digital preservation project plan
 - Assess training needs to inform workshop content
- Develop workshop content w/Amy Rudersdorf (AVP)
- Coordinate with iSchool & SOIS
- Create CCDC Immersion Workshop!

Collaboration with Information Schools

What's Next?

- Wrap up projects
- Capstone event/virtual meeting
- Assessment
- WLA – October 2018
- Gearing up for Year Two!
 - Outreach
 - Application process
- Blog posts on RW & digistew@wils.org

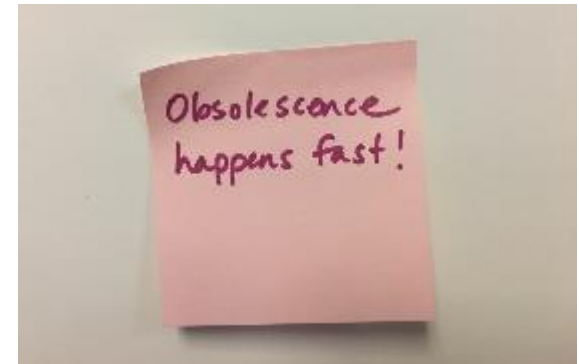

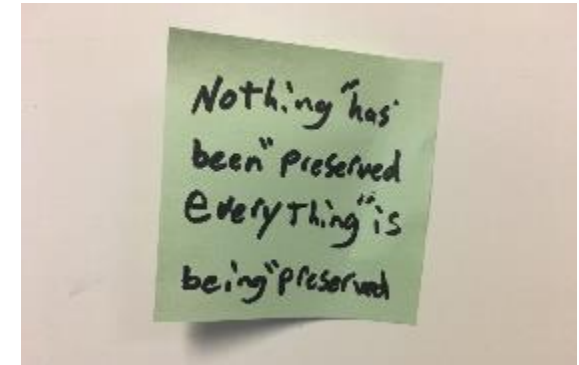

The Three Essentials of Digital Preservation
Digital Stewardship Cohort Program

Use the **Three Essentials of Digital Preservation Pyramid** to visualize the steps you will make towards a digital preservation plan at your department, institution, or library. Your digital preservation plan will start with storage, then moving to file integrity and access as you develop a complete plan. Storage is the base of your Digital Preservation Plan.

Digital Stewardship Curriculum
Center for Digital Stewardship and Culture
